

# FRC Team 3189 The Circuit Breakers

Monthly Newsletter  
May 2018  
[www.eduhsrobotics.org](http://www.eduhsrobotics.org)

**Greetings!** The school year is three months in, and the *Circuit Breakers* have already kicked off the year preparing for the upcoming season. We have new members who are being trained in their different positions-electrical, mechanical, programming, computer-aided-design, and media/information technology. The team is also getting geared up for Capital City Classic.

Capital City Classic is an off-season FIRST event where robotics teams can give new members get a feel for what official competitions are like. The *Circuit Breakers* drive team is auditioning / practicing – which can take a minute to learn but years to master (*a robot can only be as good as their drivers!*). This year, the event took place from October 26-28 at Davis Senior High School. At the event, there were workshops to train the team's new recruits, in between our qualification and final matches.

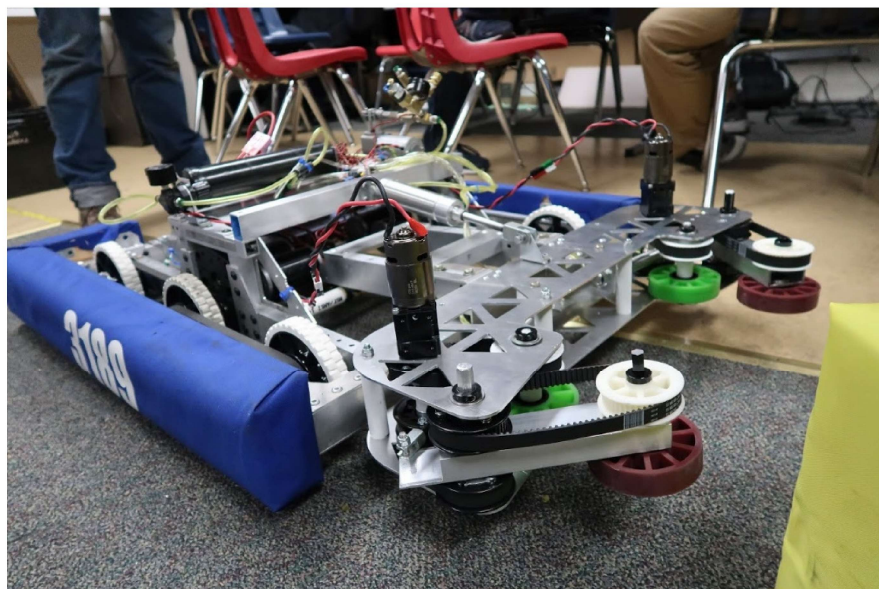

Our FIRST Robotics Competition this year is based around the new theme - **Deep Space!** Our team is super pumped, and we're always looking for clues in their [new teaser video](#). In January, we'll see which one of our speculations is correct... Maybe we'll have airborne bots! We'll never know...

To learn more about this years' game, visit

	Capital City Classic
	October 26 <sup>th</sup> to 28 <sup>th</sup>
	<a href="#">Davis Senior High School</a> <a href="#">315 W 14th St, Davis, CA, 95616</a>
	<a href="https://capitalcityclassic.org/">https://capitalcityclassic.org/</a>

All geared up at Capital City Classic!  
Our bot, dubbed "heavy metal", will be competing one last time!

Thank you, 2018/2019 Season Sponsors!

***Gold Sponsor: \$1000+***
